## SIDE TABLE INSET

No. 988 Complete  
Terraced Inset

Keep your tables looking trim and smart by using terraced insets. They enable you to utilize every inch of top table space. You can display more and a greater variety of merchandise. These insets keep goods separate. They end muss and disarrangement of items. They let you see at a glance when numbers are sold out, permitting you to keep your layout completely stocked. Terraced insets for tables enable you to make a more forceful beautiful merchandise display. The step-up feature raises items at rear of table, better displaying them, increasing their eye appeal and results in increased sales.

This inset is for tables  $29\frac{1}{2} \times 82\frac{3}{8}$  in. inside the rub rail. Made in two-step style, using the bed of table as front step, gives three display heights for merchandise. Height of display is  $5\frac{1}{2}$  in. or  $3\frac{3}{8}$  in. above the rub rail. When used with 2 in. glass they extend  $5\frac{1}{2}$  in. above the band of the table. These insets when placed back to back fit close without a gap between. Finish: Ivory—

nile green—or buff enamel. Specify color preferred. Ivory supplied unless otherwise specified. Table top not included.

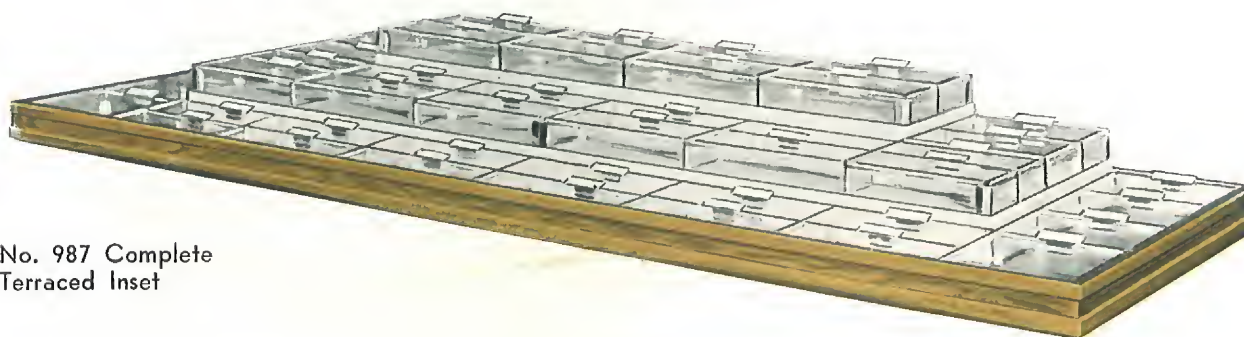

**No. 988**—Heller Terrace Inset for side tables 84 in. long. Includes terrace inset, bulb edge glass, glass holders and card holders to form 46 compartments. These compartments are parallel with the front of the table. 897F corners and 898F center splicers are used to permit quick rearrangement of compartments. Weight, 95 lbs.

**No. 994**—Heller Terraced Inset only, for side tables 84 in. long without glass or hardware. Weight, 60 lbs.

## HELLER "INDEX" PRICE CARD ASSORTMENT

Regardless of how attractively your merchandise may be arranged, the display is not complete, nor will your merchandising efforts be a success, unless the merchandise is priced in plain figures.

In arranging display tables with glass or wood compartments, each and every compartment should bear its own, individual Price Card.

The display of merchandise is more interesting. More sales are made and customers will wait upon themselves with more satisfaction. Merchandise attractively priced is doubly effective.

Heller Price Cards are printed in black, bold face type, on Rich Orange colored Cards—an attractive color combination—and furnished in assortments, each assortment packed in a box or carton ready for use as illustrated.
